Good afternoon Cascade Ridge community!

This letter is a friendly reminder that our area is expecting some very low cold temperatures within the next few days. It is recommended that should you have any water hoses connected to your exterior hose bibs/water spigots that it would be best to drain those hoses and disconnect from the hose bib fixture to prevent freezing.

Additionally, if you have a home in the neighborhood that does not serve as your primary home and may be vacant during this winter season, it is also recommended that you do have some heat within the home to prevent pipes freezing within the house as well.

Should you have any questions, concerns or you require immediate assistance please send us a message using our [Cascaderidgehoa@quartzproperties.com](mailto:Cascaderidgehoa@quartzproperties.com) email address.

Wishing everyone a safe and Happy Holiday!
